

FREELAND SYSTEMS

November 23, 2009

DEAR CUSTOMER:

Freeland Systems is working diligently to reclaim ownership of its business assets in order to re-establish Freeland Systems as an operating business that provides the same level of customer support and technology solutions that has been our tradition during the past twelve years.

Please contact us if you need technical support relative to the Freeland/AccessPoint solutions. 1.888.615.1888 X 102

Glenn.Godfrey@freelandsystems.com

The information provided by Kardia Health Systems on its website regarding the collection/payment of invoices and accounts payable is not accurate. If you have concerns or need clarification you can either hold payment until the lawsuit between Freeland Systems and Kardia Health Systems has been settled in the court or you can discuss the matter with your attorney.

Thank you for your patience and support during this unfortunate situation.

Sincerely,

John Freeland
